

Postdoctoral Associate Position at NC A&T State University

The NOAA Interdisciplinary Scientific Environmental Technology Cooperative Science Center (ISET Center) at the North Carolina A&T State University invites applications for a postdoctoral associate available in September 1, 2010 and will remain open until filled. The successful applicant should have Ph.D. degree in meteorology, hydrometeorology or related sciences, experience in atmospheric or hydrometeorological numerical modeling, and strong background in meteorology or hydrometeorology. Experience with data assimilation is preferred. U.S. citizenship or permanent residency is required. Applicants should email a curriculum vitae, three letters of recommendations and copies of all transcripts (original is required if offered the position) to Dr. Y.-L. Lin, senior scientist for the NOAA ISET Center, at ylin@ncat.edu. Detailed information about the ISET Center can be found at: <http://www.noaiset.org>
NCA&T is an equal opportunity employer. The position will remain open until filled.
